2022

ANNUAL REPORT

ConnectMed

TOGETHER WE TRANSFORM LIVES

LETTER FROM OUR FOUNDING MEMBERS

Dear ConnectMed family:

With the COVID-19 pandemic mostly behind us, ConnectMed had the opportunity in 2022 to focus on strengthening existing connections while also forming new ones. Collaborating benefited our various initiatives – all of which share the objective of improving healthcare access and quality of life for people with differences and disabilities.

Local, national, and global collaborations allowed ConnecMed to:

- reach record number of families with our year-round Camp Cosmos programs that use shared experiences, the arts, facilitated discussions, and resource access to boost mental and emotional well-being;
- hold a second annual therapeutic horse camp;
- educate and advocate for ability awareness and inclusion;
- support diversity, equity and inclusion initiatives in plastic surgery;
- re-introduce our official medical workdays at Hospital CER in Tijuana;
- support more specialists working in low-income countries who seek to improve the quality of care they provide in their own communities.
- create the Joe Ebner Scholarship Fund that brings medically complex youth in need of psychosocial support to San Diego for our summer Camp program.

Of course, our most critical connection is with YOU - our donors, volunteers, trustees and advisors - whose support allows us to grow and evolve as thoughtfully and collaboratively as we can.

THANK YOU FOR MAKING 2022 A GREAT, PRODUCTIVE YEAR!

Dr. Amanda Gosman, Dr. Alicia Sigler & Rita Abbati Albert
